

# PEDAL SLIDER

## INSTRUCTION MANUAL

REQUIRED TOOLS:

---

**TREQ**

# 1

Slider

1x

Base Plate

1x

Click-in Nut M8

4x

Nut M8

4x

M8x20 (Black)

4x

M8x12 (Black)

4x

M8x15 Spacer

4x

Additional bolts  
for pedal  
mounting are  
included.

# 2

Mount the four M8 Click-in Nuts into your pedal deck, using the following distances:

M8

# TREQ

3

Mount both sides of the slider.

To reach the 'hidden' holes, press the side of the slider-mechanism up with your thumb. You can then slide each side of the sliders and 'free' the holes.

4

Clamp the bar between the two sliders.

**TREQ**

5

Mount the base plate to the pedal slider. We recommend mounting your pedals to the base plate before doing this last step.
